

Hartfield:

The Manor House

Above is a mockup of a quilt combining the Hartfield project available from Moda with a center block based on a British Manor House block. I pieced the block from the Hartfield fabrics but I think the appliqued windows and door are a little large so in the pattern on the next page I've reduced the size by a half inch. The pattern is for a 15" block. Cut 2" strips to piece around it and you will have a block finishing to 18", which you can substitute for the central star in the Hartfield quilt.
