

Barbara Brackman's Digital Newsletter for 2009-10 *Quilt Detective:*

Quilt detectives will want this new update to Barbara's *Clues in the Calico* book.

In a weekly newsletter delivered by email we'll explore fabric from 1780 to 1950 in detail. Beginning with blues you'll learn about indigo, Prussian blue, China blue and blue resists. Yellows will focus on the chrome dyes and quercitron; greens on overdyed and single step greens, green calicoes and so on through the colors, dyes and print styles that provide the important clues to date. Each PDF newsletter will contain color photos and links to see more quilts online with a summary of the latest research on historical fabrics.

Cost: \$25

25 weekly issues

Mail checks to:
